**RE: Submission of Electronic Files
Basin Electric Power Cooperative
PSD Application – NextGen Project**

Dear Mr. Gustafson:

On behalf of our client, Basin Electric Power Cooperative (BEPC), ENSR is submitting electronic copies of the PSD application as well as CALPUFF modeling files for ambient air quality analysis in Class I areas, visibility, and acid deposition. Please find enclosed one compact disc (CD) containing an electronic copy of the PSD application and one hard drive containing the modeling files. Note that Class II ambient air quality modeling files were submitted with the original application.

If you have any questions regarding this submission, please contact either of the undersigned at (970) 493-8878.

Sincerely,

Eric S. Hodek
Project Manager
